If your toddler isn't potty trained for 3 year old preschool what do you do?

My kid starts preschool next week and the daycare says he needs to be 90% day time trained.

He starts preschool soon and they require him to be potty trained.

We have been trying everything because preschool requires them to be trained.

I'm worried he won't be able to start preschool if we don't get this figured out.

My child starts school soon and they told us he needs to be fully potty trained.

The daycare says he needs to be 90 percent daytime trained.

My son starts preschool next week and I'm panicking.

My kid starts school soon and I feel like we are running out of time.

I don't know what we will do if he isn't trained in time.

We are trying everything because school starts soon.

I feel like we are on a deadline now.

We tried the 3 day method but he still has accidents.

We tried the naked method and it worked for a few days but then accidents started again.

He did amazing for the first few days but then we had regression.

He knows how to pee on the potty but still has accidents.

He will sit on the potty but nothing comes out.

Then he stands up and pees on the floor.

He pees right after leaving the potty.

My child will sit on the potty forever and nothing happens.

The moment he stands up he pees.

He will hold it for hours instead of going.

My child holds his pee all day at daycare.

Then he releases a tiny amount.

He does great when he is naked but once underwear goes on accidents start.

He treats underwear like a diaper.

He doesn't seem to care when he wets himself.

We tried timers.

We tried rewards.

We tried sticker charts.

We tried candy.

Nothing seems to work.

We were doing great and then suddenly regression happened.

We had a week of success and then it all fell apart.

We are back to accidents again.

I feel like we are running out of time.

My son starts preschool next week and the daycare says he needs to be 90 percent day time trained.

If your toddler isn't potty trained for three year old preschool what do you do?

My child starts preschool soon and they require him to be potty trained.

We have been trying everything because preschool requires them to be trained.

My kid starts school soon and I feel like we are running out of time.

I'm worried he won't be able to start preschool if we don't get this figured out.

My kid starts preschool in August and I'm getting really nervous.

The daycare said accidents happen but they expect them to be mostly trained.

They told us he needs to be mostly potty trained before starting.

Preschool starts soon and we are still having accidents every day.

We tried the three day method but it didn't stick.

We tried the naked method and it worked for a few days.

Then accidents started again.

He did amazing the first few days and then suddenly we had regression.

We had a week of success and then everything fell apart again.

My child will sit on the potty but nothing happens.

Then he stands up and immediately pees.

He pees right after leaving the potty.

He will sit there forever and then go the second we leave the bathroom.

He holds it for hours instead of going.

My child holds his pee all day at daycare.

Then releases just a tiny bit.

He does amazing when he is naked but once underwear goes on accidents start.

The moment we put pants on everything falls apart.

He treats underwear exactly like a diaper.

It's like he doesn't even notice when he's wet.

He knows what the potty is for but he still has accidents.

We tried timers.

We tried reward charts.

We tried candy rewards.

We tried sticker charts.

We tried taking him every thirty minutes.

We tried letting him drink tons of water so he would have to go.

Nothing seems to work.

I feel like we are running out of time.

School starts soon and I'm starting to panic.

NEUE INSIGHTS AUS DIESEN QUOTES

1

DEADLINE ANXIETY

Das zentrale emotionale Muster ist **Countdown Stress**.

Quote

I feel like we are running out of time.

Quote

School starts soon and I'm starting to panic.

Erklärung

Der Stress kommt von:

- Schulstart
 - Vorschulanforderungen
 - Erwartung von Lehrern
-

2

“UNDERWEAR PROBLEM”

Sehr häufiges Pattern in deiner Research.

Quote

He does amazing when he is naked but once underwear goes on accidents start.

Quote

The moment we put pants on everything falls apart.

Erklärung

Kinder verstehen den Unterschied nicht zwischen:

- diaper

- training pants
 - underwear
-

3

FALSE PROGRESS

Viele Eltern berichten dieses Pattern.

Quote

He did amazing the first few days and then suddenly we had regression.

Quote

We had a week of success and then everything fell apart again.

Erklärung

Das erzeugt:

- Hoffnung
 - Enttäuschung
 - Panik
-

4

POTTY RELEASE PROBLEM

Typisches neurologisches Timing-Problem.

Quote

He will sit there forever and then go the second we leave the bathroom.

Quote

Then he stands up and immediately pees.

Erklärung

Das zeigt:

Kinder erkennen das Körpersignal **zu spät**.
