30 Day Potty Trained Promise™

Offer structure:

Use them for 30 days.

If no real progress toward potty training:

Money back.

PRODUCT VS DIAPER FRAME

From your comparison image.

Claude should understand the positioning.

BrightKidCo Position

Smart **3-layer system**

Purpose:

- help toddlers **feel**
 - help toddlers **connect**
 - help toddlers **learn**
-

Key Learning Signals

Preserves **gentle “uh-oh” sensation**

Meaning:

Child notices:

"I peed"

Which builds body awareness.

Accident Management

Helps manage:

small accidents during learning

Important:

NOT designed to fully absorb like a diaper.

Training Design

Built specifically for:

training phase

Independence Support

Easy up & down

Allows toddler to:

- pull underwear down
 - use potty independently
-

Comfort Layer

Feels like:

big kid underwear

Important psychological effect:

Children feel:

"I'm not a baby anymore."

Skin Safety

100% cotton

Skin friendly materials

Important for:

- comfort
 - rashes
 - daily wear
-

Guarantee Layer

30-Day Progress Promise

Meaning:

Parents don't risk money.

DIAPER POSITIONING (VILLAIN)

Claude should frame diapers like this.

Diapers & Pull-Ups

Problem:

Fully absorb pee.

Result:

No learning signal.

Children feel:

nothing happened

Diaper Experience

Feels like diaper.

Meaning:

Child keeps:

diaper behavior.

Training Failure

Built for:

convenience

NOT for learning.

Behavioral Outcome

Children treat them:

like diapers.

Environmental Cost

Single-use waste.

Ongoing weekly expense.

AVATAR INTERPRETATION

Now we translate product benefits into **avatar-specific meaning**.

1

DEADLINE PRESSURE PARENT

Emotional Context

School requirement.

Example research quotes:

"My son starts preschool next week."

"The daycare says he needs to be 90 percent daytime trained."

Their Problem

They don't have time.

They need:

visible progress quickly.

Product Elements That Matter Most

Learning Signal

Body-Signal Learning Layer™

Meaning for them:

Child learns body signals faster.

Leak Protection

Leak-resistant design.

Meaning:

Less mess during training.

Self-Use

Easy up & down.

Meaning:

Child can use potty independently.

Progress Guarantee

30 Day Potty Trained Promise.

Meaning:

If progress doesn't happen:

no risk.

Conversion Angle

Fast visible progress

Core Promise For This Avatar

"Helps toddlers connect body signals faster during potty training."

2

SOCIAL PRESSURE MOM

Emotional Context

Comparison.

Example research quotes:

"Everyone else's kid seems ahead."

"My friends' kids are already potty trained."

Their Fear

Being seen as:

bad parent.

Product Elements That Matter Most

Big Kid Underwear Feel

Psychological signal:

Child is growing up.

Training System

Smart 3-layer system.

Meaning:

Parent is using a **real learning tool**.

Visible Progress

Body-Signal Learning Layer.

Meaning:

Child starts recognizing signals.

Clean Design

No bulky diaper feel.

Meaning:

Child looks like big kid.

Conversion Angle

Confidence as a parent

Core Promise For This Avatar

"Designed to help toddlers connect body signals and move out of diapers faster."

3

OVERWHELMED MOM

Emotional Context

Daily chaos.

Research quotes:

"I do not have it in me to wash his car seat again."

"We change his undies so many times throughout the day."

Their Problem

Cleanup exhaustion.

Product Elements That Matter Most

Leak Resistant Design

Manages small accidents.

Meaning:

Less mess.

Reusable

Wash & reuse.

Meaning:

Less buying diapers.

Soft Fabric

Comfort for daily wear.

Meaning:

Child keeps them on.

Easy Up & Down

Child can use potty alone.

Meaning:

Less constant supervision.

Conversion Angle

Life becomes easier

Core Promise For This Avatar

"Leak-resistant potty training underwear designed to help toddlers learn while reducing mess."

CORE BENEFIT STACK (CLAUDE SHOULD USE)

These are the **5 primary product benefits**.

1

Faster body awareness

2

Supports learning during accidents

3

Feels like real underwear

4

Leak protection for small accidents

5

Risk-free 30-day progress promise

CORE PRODUCT POSITIONING

BrightKidCo underwear is:

not a diaper

It is:

a potty training learning tool.

CORE MESSAGE

The product bridges the gap between:

diapers → big kid underwear

while teaching toddlers:

body awareness.
