
BRIGHTKIDCO EMAIL ECOSYSTEM ONBOARDING TO-DO LIST

Hi Ayoub,

Welcome to the BrightKidCo email marketing project. Below is everything you need to do before we start writing mails.

Estimated total time: 2-3 hours.

STEP 1: SET UP YOUR CLAUDE PROJECT (15 min)

- ☐ Create a new Claude Project named "BrightKidCo Email Marketing"
- ☐ Upload all files from the package I sent you:
 - DOC 1 EN (Master Foundation)
 - DOC 2 EN (Level 1 Profile)
 - DOC 3 EN (Level 2 Profile)
 - DOC 4 EN (Level 3 Profile)
 - DOC 5 EN (General Fallback)
 - DOC 6 EN (Doc Usage Guide)
 - All RS PDFs (Autistic_Parent, Autistic_language_Bank, Autistic_MIRO_m, etc.)
 - Produkt_Foundation_für_alle_Avatare.pdf
 - Unique_Mechanism__Product_Data_Reference.pdf
 - Frequenz_wording.pdf
 - Kommentare PDFs (8 files)
 - Brand screenshots
- ☐ Copy the Project Instructions from "PROJECT_INSTRUCTIONS.txt" into the Project Instructions field in your Claude Project.

STEP 2: READ THE FOUNDATION DOCS (90-120 min)

PRIORITY READING (read completely):

- DOC 1 — Master Foundation (60-90 min)
This is your brand voice + strategy bible. Read everything.
- DOC 6 — Doc Usage Guide (10-15 min)
This explains how to use the docs, segmentation logic, and the workflow.

SKIM (just get the overview):

- DOC 2 — Level 1 Profile (skim, 5-10 min)
- DOC 3 — Level 2 Profile (skim, 5-10 min)
- DOC 4 — Level 3 Profile (skim, 5-10 min)
- DOC 5 — General Fallback Profile (skim, 5-10 min)

These you'll read in detail per assignment, depending on which avatar you're writing for.

DO NOT READ FOR NOW:

- RS PDFs (Claude will reference them automatically)
- Other avatar files (Deadline, Social Pressure, Overwhelmed) — these are for future phases

STEP 3: UNDERSTAND THE WORKFLOW (5 min)

This is how we work together:

1. I send you a Flow Briefing for each mail
2. You paste the Flow Briefing directly into your Claude
3. Claude generates a mail draft using:
 - The Flow Briefing
 - Project Instructions
 - The 6 DOCs
 - The RS PDFs
4. You review, iterate 1-2x with Claude if needed
5. You send the final draft back to me

6. I review and give feedback
7. You iterate on feedback
8. After approval: you implement in Klaviyo

IMPORTANT:

- You don't need to write prompts yourself
- The Flow Briefing IS the prompt — just paste it
- You handle execution; I handle strategy

STEP 4: CONFIRM SETUP WITH ME (5 min)

Once you've completed Steps 1-3, send me a quick message:

"Setup done. Ready for first Flow Briefing."

I'll then send you the first Flow Briefing (Welcome Flow Mail 1 for Level 1) as the pilot mail. We'll calibrate together on this one before moving to the rest.

- ✓ Cite real RS quotes informally
- ✓ End with Lena sign-off

NEVER:

- ✗ Promise outcomes ("Your child will...")
- ✗ Use "easy/simple/quickly/miracle/cure/fix"
- ✗ Compare to neurotypical kids
- ✗ Use Pre-K hooks for Level 2/3
- ✗ Use founder voice in regular mails
- ✗ Fabricate quotes or testimonials

QUESTIONS?

If anything's unclear after reading DOC 1 + DOC 6, send me a message before we start. Easier to clarify now than during mail production.

Once you've done Steps 1-4, we kick off with Welcome Flow Mail 1 (Level 1) as the pilot.

Talk soon.
